

## **STANLEYBET MALTA LIMITED (SM) GENERAL RULES FOR DATA TRANSMISSION CENTRES (CTD) IN ITALIAN TERRITORY**

1. The following rules are effective from **01.01.2009** and will govern all bets accepted by SM whether or not the client has made himself aware of them. In the event of a dispute, Stanleybet Malta Limited will endeavour to resolve customer complaints directly with customers. If we are unable to resolve the dispute in this way, customers should contact the Lotteries and Gaming Authority – Malta via email at [complaints@lga.org.mt](mailto:complaints@lga.org.mt)

SM clients should read, comprehend and accept the following rules. The possession of a betting receipt issued by SM implies that which is stated on the receipt itself, that the client acknowledges and has accepted the rules, which are displayed and can be consulted at the CTD.

2. The acceptance of bets from clients under the age of 18 is prohibited.

3. Bets placed through SM are accepted only if they have undergone the approved general SM betting procedure. No other forms are allowed if not expressly approved by SM. Only bets which result on the computer records of the CTD (which is controlled from Malta) will apply and be accepted with the exclusion to any other offer. The client is obliged to check that the bet printed on the receipt by the computer corresponds with the bet requested. If it does not correspond, the client may request the annulment of that bet within 5 minutes of its printing, **but if placed within 5 minutes of the start time of the event the request for bet cancellation must be made and processed prior to the event starting.**

4. The normal activities of the CTD can only take place during the established working hours agreed by SM. SM reserves the right to annul any stake placed outside the time of the CTD's working hours, even if the stake has been accepted by the computer and the relevant receipt has been printed.

5. The payout of winnings will be settled only on the presentation of the original bet receipt containing the 6 digit WINCODE that authorizes payment on the CTD computer. As far as payment procedures are concerned, SM's notifications, advised from time to time, will apply.

6. SM reserves the right to declare void any bets/selections that result on the SM network transmitted by the CTD after the commencement of the sporting event to which the bet/selection refers, with the exception of special 'betting in play'.

7. The date and time of the initiation of an event is the date and time that the event actually starts and not the expiry date and time entered into the SM computer. Therefore, if the expiry date and time entered in the SM computer is after

(erroneously or for any other reason) the effective date and time of the event and the event is either underway or finished, all selections on the event will be liable to annulment and stakes will be refunded.

8. When a bet is comprised of several selections and one or more of the events referred to is already underway or has been completed at the time the bet is received in the SM network, the selection(s) is valued at an odd of 1.00. The remaining selections are valid and will be regarded as such as long as they meet the minimum requirement of selections to make the bet valid.

#### Example 1

Stake €100 Request 5

Anderlecht  
Club Bruges  
PSV Eindhoven  
Man Utd  
Ajax

If Man Utd and Ajax had already played at the moment the bet was accepted by SM, the bet will be treated as a 100 Euro request 3 with Man Utd and Ajax settled at odds of 1.00.

#### Example 2

Stake €200 Request 3

Frankfurt  
Pisa  
Oviedo

If Frankfurt had already played at the moment the bet was accepted by SM, the bet would be completely void if a request 2 is not allowed on Pisa and Oviedo.

9. Every bet validated by SM will be recorded in the general archive and in a second archive for security reasons, named “security archive”.  
The odds valid at the time the bet was registered are the odds on which the win will be calculated. When calculating the winnings, only the content of the receipt inside SM’s headquarters archives will apply. In case of receipts containing different data from that stored in the headquarters archives, SM reserves the right to consider valid the data only contained in its security archives.

10. The minimum number of selections within an event that can be selected, the maximum stakes allowed per combination and any other limitative element are indicated by the computer.

It is the CTD’s responsibility to ensure these requirements are adhered to.

11. If the CTD receives requests of bets beyond one or more established limits it will be necessary to activate a procedure to request specific authorization for the acceptance of such a bet, according to rules and procedures which SM from time to time will establish.

12. Related contingencies (selections with logical connections) such as Italy to win 2-0 and Italy to win HT and FT are accepted in singles only and, where taken in error for accumulative bets, the stake will be divided equally on singles for each quoted eventuality. An exception to this rule is First or Last Goalscorer/Correct Score double bets (Supergoal) where a special combined price is quoted.

13. Every bet is subject to a maximum win established by SM. The maximum win may be less than the calculation by the computer and the liability is on the client to stake bets accordingly. Please note the following maximum payouts.

SUPERGOAL €1,000,000

All bets must contain selections exclusively from the Supergoal “family” and must contain at least one pure Supergoal selection (i.e. a selection that predicts the First or Last Goal Scorer and the Correct Score for that match) The Supergoal “family” consists of Supergoal, First /Last Goal Scorer, Striker & Double Striker .

GENERAL FOOTBALL €100,000

- 1X2
- Correct Scores
- Double Chance
- Half Time/Full Time
- Ante Post exclusively containing selections from Belgium 1, France 1, England Premiership, Germany 1, Holland 1, Italy Serie A, Portugal 1, Spain 1, Champions League outright, Uefa Cup outright, European Championship and World Cup

FOOTBALL CONTAINING: €25,000

- Ante Post containing selections on any event [other than those listed in General Football Ante Post above](#)
- Handicap Betting
- Time of first goal
- Under & Over bets
- Number of goals bets (EG, Total Goals & Multi Goal Chance)
- First / Last Goal Scorer
- Striker & Double Striker
- First Half Only
- Second Half Only
- Score/Not to score
- To Qualify for next round
- First Team To Score
- First Half Correct Score
- Game Run (Select which team scores first and the final result)
- Which Half Contains Most Goals?

- Odd/Even Number of Goals
- Vaffa un gol €2,500  
(also known as 'Go and Score' - either both teams score, or, one or neither team scores)

SPORTS BETS EXCLUSIVELY ON: €25,000

- Tennis
- Basketball
- Golf
- Formula 1 (Except Classify/Not Classify)
- American Football
- Formula 1 Classify/Not Classify €10,000

BETS CONTAINING SELECTIONS €15,000  
ON ANY OTHER SPORTS OR NON SPORTS EVENTS

If a receipt contains a selection that refers to different sports and/or different games within a sport, the lesser maximum payout limit then applies to the whole of the bet. For example, a bet with 3 tennis matches and 3 Vaffa un gol match selections would be subject to a maximum payout of €2,500, the limit for Vaffa un gol.

All maximum payouts stated within these rules apply to any one customer, or group of customers acting together, backing the same combination of selection(s) even if it is done in a series of bets, at a range of prices, over a number of days using different CTD's. Should we have reason to believe that a number of bets have been placed in this way the total payment of all those bets combined will be limited to one single maximum payout as listed above.

14. In case of printing errors, errors on receipts or palpable errors of data input into SM's computer, SM reserves the right to annul such bets, or in our judgement, to settle such bets at the correct odds even if the discovery of the error occurs after the conclusion of the event. The annulled bet is then reimbursable on the client's request.

15. SM reserves the right to consider singles or groups of ambiguous bets void even though accepted by the CTD computer and even though the client has received the betting receipt. The annulled bet is then reimbursable on the client's request.

16. Where there is evidence of match, event or race irregularities, SM reserves the right to void or suspend payment on the selection under suspicion pending the outcome of an inquest by that sport's official governing body.

17. The placing and transmission of bets gives way to the eventual acceptance by SM. SM has the final decision on the acceptance of bets and has the right to refuse any bet that has been accepted and transmitted.

18. Any complaints, complete with the necessary details for an explanation of the complaint, must reach the SM's administration office within 30 days of the completion of the sporting event to which the complaint refers.

19. Reimbursements and bet annulments, not including void matches or selections, can only be requested in the following circumstances;

- There is a computer error in the CTD and the bet did not register.
- The printer does not print out a receipt.
- There is an error in the input of selections of the bet or the stake of the bet.

If more than 5 minutes have elapsed after the bet has been placed the request for annulment must be received by SM's administration office, by email or fax, before the first event on the bet has started.

20. Situations not covered by these rules will from time to time be published and communicated by SM

### **SPECIAL RULES – GENERAL SPECIFICATIONS**

a) In the case of an event which concludes in equal merits with more than one winner where only one winner was considered, DEAD HEAT rules will apply. A dead heat is a tied result in which two or more contestants share a finishing position. A dead heated selection is deemed to be half winner, half loser and is thus settled to full odds at half the stake. In a three way dead heat, the selection is deemed one-third winner. Two-thirds loser and is settled to full odds at one-third the stake.

b) The results are intended to mean those on the sports ground or podium. Subsequent inquiries by the relevant sports body/bodies will be considered for settling purposes, but any inquiry the following day or later will not be considered (see Formula 1 for exception).

For example, on Stage 6 of the 1999 Tour De France cycling. Steels finished first with Cipollini in second. An immediate inquiry was called and Steels lost first place for barging, therefore Cipollini was awarded first place, and for settling purposes Cipollini was the winner. If the inquiry had been initiated the following day, Steels would have been considered the winner for settling purposes. Therefore, in respect of inquiries, they must be instigated on the day of the completion of the event to have any bearing on settlement.

c) In the event of a change of venue not published or made known to SM at the time match odds were issued, with bets being accepted on the issued odds, bets will stand provided the venue is not switched to the opponents' ground, in which case selections

for that match will be annulled and the client reimbursed on request. In the case of a bet consisting of that event and others, then the part of the bet with the venue change is settled at odds of 1.00.

d) Withdrawals – Golf and Cycling outright pre-event prices.

Ante Post Golf and Cycling prices are, by definition, bets made to win a sporting event outright at a quoted price up to the start time of any Golf or Cycling event. Where a participant is withdrawn after acceptance of the bet but before the start of the said event, any price taken prior to the formation of a new market shall be subject to a deduction made from the winnings of all such bets in accordance with the following scale:

|                 |                 |
|-----------------|-----------------|
| 1.30 or shorter | 75% in the Euro |
| 1.40 to 1.31    | 70%             |
| 1.55 to 1.41    | 65%             |
| 1.60 to 1.56    | 60%             |
| 1.80 to 1.61    | 55%             |
| 1.95 to 1.81    | 50%             |
| 2.20 to 1.96    | 45%             |
| 2.50 to 2.21    | 40%             |
| 2.75 to 2.51    | 35%             |
| 3.30 to 2.76    | 30%             |
| 4.00 to 3.31    | 25%             |
| 5.00 to 4.01    | 20%             |
| 6.50 to 5.01    | 15%             |
| 10.00 to 6.51   | 10%             |
| 15.00 to 10.01  | 5%              |
| over 15.00      | no deduction    |

In the event of 2 or more contestants being withdrawn the total deduction shall not exceed 75%.

The above deductions also apply to horseracing bets placed after 10.00 a.m. on the day before the race up until the start time of the race, where a price is taken and a horse(s) is subsequently withdrawn.

e) In the case of a dispute on the outcome or result of an event, the official Internet site for the event/league will be considered valid for settlement purposes. In the case of a further dispute on this source, then official clarification of the event will be sought from the official governing body.

f) Any prices offered using charts, for example correct score or score/not to score, the prices displayed on the CTD betting offer will supersede any prices displayed on standard charts. Palpable errors excepted.

### **SPECIAL SPORTS RULES**

Special rules cover all the data regarding sporting events which have a typical structure of a challenge between two teams (team 1 and team 2) which give place to a

final result defined as the result at the end of regular time of play which may be expressed in two numbers, the first representing the score of team one, the second representing the score of team two. Team one is indicated on the left and is always considered to be the home team. Team two is indicated on the right and is always considered to be the away team. Also, when a game is played at a neutral venue, the team on the left is considered the home side and the team on the right is considered the away side. If a draw is a price option, it is in the centre under category X.

### AMERICAN FOOTBALL

The result is intended by the score at the end of the game INCLUDING any overtime, except for Half-time/Full-time bets where the result at the end of regular time only counts.

In the case of abandoned or postponed matches bets are void unless played the following day, except for bets, the outcome of which has already been determined at the time of abandonment E.G. First Touchdown Scorer.

### ATHLETICS

All in compete or not. Athletes awarded Gold, Silver and Bronze medals will be deemed 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> respectively for betting purposes. In the absence of a medals ceremony, bets will be settled on the official I.A.A.F. result (or similar governing body) immediately following the race.

### BASEBALL

The result is intended by the score at the end of the game INCLUDING any overtime. If two teams are scheduled to play twice, back to back, on any given day, the odds issued will relate to the first game only and the result of the first game will be the score used for settlement purposes. The score for the second game will be disregarded.

The result of a game is official after 5 innings of play unless the home team is leading after 4.5 innings. If a game is 'called' or suspended, the winner is determined by the score after the last full inning (unless the home team scores to tie, or takes the lead in the bottom half of the inning, in which case the winner is determined by the score at the time the game is called).

### BASKETBALL

In the case of Basketball, for 1X2 prices and under/over betting, the result is intended by the score at the end of regular time, WITHOUT any overtime, but the intended result for HANDICAP prices and winning margin is the final result at the end of the game INCLUDING any overtime.

### BOXING

Postponed fights – bets stand for 30 days. If a boxer is replaced by a substitute, all bets relating to that fight will be void.

Round by Round betting – If either boxer fails to answer the bell for the next round, his opponent will be deemed to have won the fight in the previous round. If for any reason a points decision is made before the full number of rounds are completed, bets will be settled on the round in which the fight was stopped. Bets which nominate 'to win on points' will only be deemed winners if the full number of rounds are

completed. A price will be offered for the draw and in the event of that occurring bets on either boxer to win will be losers.

### CYCLING

**Outright Betting** - Non runner – no bet. In the event of any withdrawals a deduction as outlined in the ‘Special Rules’ section may apply.

Cyclists must cross the starting line of the respective event/stage to be deemed to have taken part, otherwise bets will be void.

All Tour or Individual Stage bets will be settled as per the official result at the time of the prize or podium presentation (See Special Rules – General Specification b)

### FORMULA 1

**Grand Prix** – All in compete or not. The initial parade (warm up) lap will signal the start of the race. The podium positions will be used to determine 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> for betting purposes regardless of any subsequent enquiry.

**Pole position** – All in compete or not. Winner will be the driver recording the fastest lap on the day in question. Later disqualification or forfeit of pole position will not count.

**Fastest lap** – Driver to record the fastest lap on the day in question. Later disqualification or forfeit will not count.

**Match bets** – Results will be settled on official classifications, in the event of neither driver finishing, the number of laps completed will determine settlement. If both drivers complete the same number of laps without finishing, bets will be void.

**Classify/Not Classify** – The warm up lap will not count for betting purposes on Classify/ Not Classify.

Any car that does not start the race proper after the warm up lap will be deemed to have not started the race and settled at odds of 1.0.

Result will be that as officially given by the FIA except in the above circumstances whereby Stanleybet rules will apply.

A maximum of 5 Classify/Not Classify selections will be allowed in any one bet.

Maximum payout on bets that include Classify/Not Classify selections is €10,000.

**First Driver to Retire** – Results will be settled on official classifications

**Related Contingency** - The same driver cannot be combined in any other Formula 1 bet.

For example:

L.Hamilton to win, to place, to win his match and to get the fastest lap. In the event of a related contingency bet being accepted in error the stakes will be divided equally on singles for each quoted eventuality (see Rule 12)

If a Grand Prix is suspended or postponed and is not re-run or finished within 72 hours, all the connected bets are void and stakes are returnable upon the clients’ request.

### GOLF

**Outright Betting** - Non runner – no bet. In the event of any withdrawals a deduction as outlined in the ‘Special Rules’ section may apply. The result of a play off will determine the winner if required. A player is deemed to have played once he/she has “teed off”.

If a tournament is affected by adverse weather, resulting in a reduction of the total number of holes played, any tournament bets placed after the final completed round will be void.

**Group Betting/Top Player etc** – Non Runner - no bet. In the event of any withdrawals a deduction as outlined in the ‘Special Rules’ section may apply. Dead heat rules will apply except where the winner is determined by a play off.

**Tournament Match Betting** – Settlement will be on the player achieving the highest placing at the end of the tournament. If one player misses the cut, the other player is deemed the winner. If both players miss the cut, the lowest score after two rounds will determine settlement.

If a player is disqualified or withdraws after starting, either prior to the completion of two rounds or after both players have made the cut, the other player is deemed the winner. If a player is disqualified during the 3<sup>rd</sup> or 4<sup>th</sup> rounds, when the other player in the match bet has already missed the cut, the disqualified player is deemed the winner. Should both players fail to complete two rounds then the player with the lowest 1<sup>st</sup> round score will be deemed the winner for settlement purposes. If neither player completes one round, bets on that match will be void. Only completed rounds count.

**Two, Three and Four Ball Betting** - Bets stand once the players have teed off for the first hole. If a round is abandoned, bets on that round are void.

#### HANDBALL

The result is determined by the score at the end of regular time, WITHOUT any overtime, if played.

#### ICE HOCKEY

The result is intended by the score at the end of regular time, WITHOUT any overtime.

#### MOTORCYCLING

**Race Result** – All in compete or not. The initial parade (warm up) lap will constitute the start of the race. The podium positions will be used to determine 1<sup>st</sup>, 2<sup>nd</sup> & 3<sup>rd</sup> for betting purposes.

**Pole Position** – All in compete or not. Winner will be the rider recording the fastest time over the official qualifying period. Later disqualification or forfeit of pole position will not count for betting purposes.

**Fastest Lap** – The rider who records the fastest lap during the race will be the winner. Later disqualification or forfeit will not count for betting purposes.

**Match Bets (Head To Head)** – Results will be settled on official classifications. In the event of neither rider completing full race distance, the number of laps completed will determine settlement. If both riders complete the same number of laps without finishing the race all match bets will be void.

**Related Contingency** – The same rider cannot be combined in more than one bet. For example – V. Rossi to win, to place, to win his match and get pole position. In the event of a related contingency bet being accepted in error the stakes will be divided equally on singles for each quoted eventuality. ( see rule 12)

In the event of a MotoGP event being postponed and not finished or re-run, within 72 hours of the original start time, then all bets relating to this event will be void and stakes returned upon the clients request

## RUGBY

The result is intended by the score at the end of the game WITHOUT any overtime. In the case of abandoned or postponed matches, bets are void unless played the following day, except for bets, the outcome of which has already been determined at the time of abandonment E.G. First Tryscorer.

## SKIING

**Outright Betting** – All in compete or not; Dead Heat rules may apply.

Bets are settled on the official results published by the International Ski Federation. However, in the event of a disqualification, the podium presentation will count as the ‘weigh-in’ and determine the settlement of bets (See Special Rules - General Specification b)

## SNOOKER

**Outright Betting** – All in compete or not.

**Match/Frame Betting** – In the event of a match starting but not being completed all bets on this match/frame will be void.

## TENNIS

**Outright Betting** – All in compete or not.

**Match Betting** – In the event of a match starting but not being completed all bets on this match/set will be void. However on first set betting, bets will stand provided that the first set is completed. If a tennis match is delayed for any reason, for example change of schedule or bad weather, the official result will be used and all bets will stand until the result is given.

In the case of an incorrectly listed match or fixture in any sport, where the match is inadvertently offered by SM and it is not scheduled to take place, all bets taken will be void and settles at odds of 1.00. For example, a tennis match is incorrectly offered by SM as Hewitt v. Federer when it should have been entered as Roddick v. Federer. Such games are considered void win or lose for the correctly listed player.

In the case of any non football matches, for example Basketball or Ice Hockey, full regular game time must be completed with any injury time officials deem necessary to add for the result to be valid, anything less than full regular time and the result is void and settled at odds of 1.00.

For all sports, with the exceptions of golf and cycling, if a participant withdraws or is excluded before the tournament begins, bets on that selection to win the **tournament outright** are considered losers (all in, run or not, play or not). Palpable errors excepted.

Non-sporting events, such as Oscars, Miss World, Eurovision Song Contest, these bets will be accepted on a **singles only** basis and cannot be combined with any other event.

Different sports can be combined to make up a minimum request 3 when required. For example, a request 3 on two Ice Hockey games and 1 football (min 3) - Jokerit, TPS & Osters - is acceptable.

## **SPECIAL FOOTBALL RULES**

All bets, with the exception of 'To Win Outright', 'Ante Post', 'To Qualify For Next Round', 'First Half Only' and 'Second Half Only' bets will be settled on the result at the end of 90 minutes play which includes injury time but excludes official extra time and penalty shoot outs.

Occasionally matches are scheduled to last less than 90 minutes and under these circumstances bets will be settled over the stated time of play, e.g. Women's matches are scheduled for 80 minutes play and will be settled on the 80-minute result.

The minimum number of selections required to validate a bet is as indicated by SM's betting software.

Different market selections, from any sport, can be combined to make up a minimum request 3 when required.

For example, a request 3 on three Danish league matches – Brøndby Final Result, FC Copenhagen Number of Goals & Odense Handicap betting is acceptable.

If a player takes the field at any time during the 90 minutes he will be deemed to be valid for all Last Goalscorer, Striker and Double Striker bets, however long he is on the field for.

In the case of first goal scorer bets, where the player does not take part in the game or comes on after the first goal has been scored, the bet is reimbursable.

In the case of last goal scorer bets, where the player does not take any part in the game, the bet is reimbursable.

Supergoal (nominate the first goalscorer and correct final score)

Bets will be accepted at a special combined price.

90 minutes play only.

If a player takes the field after a goal has been scored or does not take part in the game, such bets will be settled as a single on the selected correct score at the appropriate odds.

If a match is abandoned after a goal(s) has been scored all First Goalscorer, Striker and Double Striker bets will be settled as singles on the selected goalscorer(s) at the appropriate odds. All other bets on Striker and Double Striker will be void. All bets on Last Goalscorer will be reimbursable.

In Last player to score/correct score doubles where a player takes no part in the match the bet will revert to a correct score single. If the only goal(s) in a match is an own goal(s) all bets will be settled as singles on the correct score at the appropriate odds.

Own Goals do not count for first/last goalscorer betting, Supergoal or Striker purposes and are ignored.

If a game finishes 0-0 all Game Run and First Team to Score bets will be settled as void. For Odd/Even Number of Goals a 0-0 result will be considered Even.

In the case of postponed or cancelled matches, an unplayed or postponed event will be treated as odds of 1.00 for settlement purposes unless played the following day.

If all the bet selections are involved in the said game, stakes are returnable on the client's request.

If the relative selections regarding the said game make up only part of the bet, that part of the bet is settled at odds of 1.00 and the bet is validated even if the bet does not now meet the minimum number of selections requirement.

SM deadlines are indicative times only and if adjusted within the system for a reason other than an official postponement bets will remain valid unless placed after the start time of the event in which case the selection will be settled at odds of 1.00.

Any football match abandoned before the completion of 90 minutes play will be void, except for those bets the outcome of which has already been determined at the time of abandonment. For example, first player to score bets would stand provided a goal has been scored at the time of abandonment, unless that goal is an own goal. Another example would be if a game is abandoned in the second half, then all bets on 'first half only' on the match would be valid and settled accordingly.

In the event of an abandoned game, Striker bets will stand provided a goal has been scored at the time of abandonment unless the only goal is an own goal. If no goal or only an own goal has been scored, all bets will be void.

Matches in which 90 minutes play is not completed, but which are deemed to be official, will be void except for bets, the outcome of which has already been determined

If a match is abandoned and the remaining portion of the match left at the time of abandonment (rather than the whole 90 minutes) is played at a later date odds on the remaining portion of the match will not be offered and if offered in error will be settled at odds of 1.00.

## **GENERAL LOTTERY RULES**

1. Customers can peruse SM's lottery and 49's draw odds from the print-outs generated by our betting software system. The maximum payout to any one customer or group/syndicate of customers, including bets from the same source, is **€250,000**.

2. Bets are accepted on the specific Lottery up to **1 hour 15 minutes** prior to the draw being made. Any bet for a specific draw taken after this time will be void unless we are satisfied that the bet was placed before the draw commenced.

3. Bets placed after the Weekend draw, but prior to the Midweek draw, will be settled on the result of the first Midweek Lottery draw specified unless otherwise instructed.

On occasions when two or more draws take place on the same day, unless otherwise instructed, bets will be placed on the main (first) draw (Ziehung A in Germany).

4. If for any reason a draw does not take place or no draw is specified, bets will stand for the next available specified Lottery draw(s) unless cancelled by mutual consent before the draw.

5. Lottery bets cannot be combined with any other betting event, nor may two or more draws be combined in accumulative bets.

6. Understaked/Overstaked bets will be proportionally settled.

7. SM Rules will apply to any situations not covered by the above General Lottery rules.

### **49'S RULES**

1. The maximum payout to any one customer or group/syndicate of customers, including bets from the same source, is €250,000

2. If for any reason a draw does not take place or no draw is specified, bets will stand for the next available "49's" draw unless cancelled by mutual consent before the draw.

3. 49's bets cannot be combined with any other betting event, nor may two or more draws be combined in accumulative bets.

4. Understaked/Overstaked bets will be proportionally settled
